

For best printing, use *Avery 5162 Easy Peel Address Labels*

18 ECERS-R General Note, *Hand sanitizer use*: Hand sanitizer will no longer be allowed as a substitute for hand washing with water. Only soap and water will be acceptable for hand washing.

Hand washing: Per the Colorado Health Department: When foam soap is used, hands **must be wet with warm, running water** prior to using foam soap. This step cannot be skipped. Using spray bottles is not an acceptable substitute, warm, running water must be used for all handwashing.

18 ECERS-R (page 24) Item #10 Meals/snacks, 1.3, 3.3 (continued)- Disinfectants should not be used on tables or other food contact surfaces. Hand washing: Per the Colorado Health Department: When foam soap is used, hands **must be wet with warm, running water** prior to using foam soap. This step cannot be skipped. Since 3 important health practices are required (eating surface sanitizing/disinfecting same sink used for toileting, hand hygiene and serving uncontaminated foods), consider the extent to which each of the required health practices is followed.

18 ECERS-R (page 28) Item #12 Toileting/diapering, 1.1, 3.1- If the program is using the same sink for meals/snacks as well as toileting/diapering, the sink needs to be cleaned with soap and water, **rinsed**, and then **disinfected** before washing hands for meals/snacks. **Read and follow all product label instructions for contact time required.**

18 ECERS-R (page 30) Item #13 Health practices, 3.1 - Per the Colorado Health Department: When children use the sensory table with wet or dry materials made to scoop, pour, and dump, hands must be washed **before and after** each use.

18 FCCERS-R General Note, *Hand sanitizer use*: Hand sanitizer will no longer be allowed as a substitute for hand washing with water. Only soap and water will be acceptable for hand washing.

Hand washing: Per the Colorado Health Department: When foam soap is used, hands **must be wet with warm, running water** prior to using foam soap. This step cannot be skipped. Using spray bottles is not an acceptable substitute, warm, running water must be used for all handwashing.

18 FCCERS-R (page 24) Item #9 Meals/snacks, 1.3, 3.3, 5.3- Disinfectants should not be used on tables or other food contact surfaces. Also, if the program is using the same sink for meals/snacks as well as toileting/diapering, the sink needs to be cleaned with soap and water, **rinsed**, and then **disinfected** before washing hands for meals/snacks. **Read and follow all product label instructions for contact time required.**

18 FCCERS-R (page 26) Item #10 Diapering/toileting 1.1, 3.1, 5.1, 7.1- If the program is using the same sink for meals/snacks as well as toileting/diapering, the sink needs to be cleaned with soap and water, **rinsed**, and then **disinfected** before washing hands for meals/snacks. **Read and follow all product label instructions for contact time required.**

18 FCCERS-R (page 28) Item 11 Health practices, 1.1, 3.2, 5.2- Per the Colorado Health Department: When children use the sensory table with wet or dry materials made to scoop, pour, and dump, hands must be washed **before and after** each use. There can be minor lapses in following the handwashing procedure (Ex: not rubbing for the 20 seconds, but rubbing all hand surfaces thoroughly; not wetting hands first but soap still makes bubbles, not turning off faucets with a paper towel). However, hands should be cleaned reasonably well.

18 ITERS-R General Note, *Hand washing-* Hand sanitizer is no longer considered an acceptable substitution for washing hands. All hand washing needs to be with soap and water.

Hand washing: Per the Colorado Health Department: When foam soap is used, hands **must be wet with warm, running water** prior to using foam soap. This step cannot be skipped. Using spray bottles is not an acceptable substitute, warm, running water must be used for all handwashing.

18 ITERS-R (page 20) Item #7 Meals/snacks, 1.3, 3.3, 5.3- Disinfectants should not be used on tables or other food contact surfaces. Also, if the program is using the same sink for meals/snacks as well as toileting/diapering, the sink needs to be cleaned with soap and water, **rinsed**, and then **disinfected** before washing hands for meals/snacks. **Read and follow all product label instructions for contact time required.**

18 ITERS-R (page 24) Item #9 Diapering/toileting, 1.1, 3.1, 5.1, 7.1- If the program is using the same sink for meals/snacks as well as toileting/diapering, the sink needs to be cleaned with soap and water, **rinsed**, and then **disinfected** before washing hands for meals/snacks. **Read and follow all product label instructions for contact time required.**

18 ITERS-R (page 26) Item #10 Health Practices, 1.1, 3.2, 5.2- Per the Colorado Health Department: When children use the sensory table with wet or dry materials made to scoop, pour, and dump, hands must be washed **before and after** each use. There can be minor lapses in following the handwashing procedure (Ex: not rubbing for the 20 seconds, but rubbing all hand surfaces thoroughly; not wetting hands first but soap still makes bubbles, not turning off faucets with a paper towel). Hands should be cleaned reasonably well. If handwashing and other sanitation is **ignored completely, score 1.1 Yes.**
