

A Taste of Clayton

SERVING HEALTHY FUTURES

6 to 10 p.m. | Thursday, April 21, 2022

Clayton Early Learning - Main Auditorium • 3801 Martin Luther King Blvd., Denver, CO 80205

Join us for a casually elegant evening on the Clayton Campus, as we highlight our focus on health and wellness for young children. Along with live music by the electric string quartet, Spinphony, guests will enjoy an array of small plate tastings that put a gourmet spin on traditional foods from childhood, deliciously paired with wines and craft beers.

Nearly 1 in 7 Colorado kids

may not know when or where they will get their next meal. Clayton works to eliminate food insecurity with 1,000 nutritious meals each day, freshly prepared from scratch in our own kitchen with vegetables grown on campus.

About Clayton Early Learning

Clayton is an innovation hub that fosters thriving, equitable communities by partnering with families to nurture a whole child, whole family approach to the early years, discover what works through research, evaluation, and innovation, and advance systems change through people, policy, and products. We foster a beloved community aligned with our core values and invest in the quality of our team so we can make a positive impact for Colorado's children and families.

Clayton's Denver campus is home to Colorado's only Educare school, a nationally recognized model supporting children from birth to age five and their families. Our diverse wellness programs support families, ensuring they can keep themselves and their children in good health. Clayton also influences systems change through our research and evaluation services, professional development for teachers and parents, and advancement of policy and advocacy efforts at the state and federal levels. Our critical work impacts more than 20,000 children annually throughout Colorado.
